

ALCOHOL, TOBACCO AND SALT FE

Table with columns: No. of Arrivals, Destination, No. of Departures, Destination.

Court commenced at Hillsborough yesterday.

Hewitt's Musette at Morrill Hall, April 3rd. Admission 50 and 75 cts. 1c.

There have been a few cases of measles in town but the cases have been light.

Good Friday comes this week and next Sunday will be Easter Sunday.

There was a light attendance of pupils at the public schools here last week on account of a large number of the pupils having had colds.

Miss May Gaddis, one of the teachers in the city schools was quite ill last week. She was unable to attend school.

Jack Frost is the proud father of a baby boy. The little fellow arrived at the Lone Mountain ranch last Wednesday.

The colored telegraph operator who attempted suicide some days ago at Fort Brady, is recovering. Now that he has had some experience in the suicide line he may do a better job next time.

An occasional writer for the Headlight, who signs himself "T." relieved his mind in the last issue of the Headlight. The correspondence purports to come from Silver City.

The Calhoun Opera Company arrived Sunday afternoon and played here last night at a full house. The company will appear again this evening in Fatima's.

The White House, under the management of Ball and Harvey has been newly fitted up and is one of the most attractive resorts in the southwest. Drop in and see them.

A Mexican had the end of one of his fingers cut off in a sausage machine at George D. Jones's meat market last Friday. He will always believe that Friday is an unlucky day.

D. P. Carr was elected secretary of the South West Silver Convention to be held here on the 4th and 5th of July, at the meeting of the committee last week. He has established headquarters at the office of E. M. Hand on Broadway.

There have been quite a number of United States prisoners in the County jail here lately. They were Chinamen who were detained here awaiting transportation to San Francisco.

Mrs. Kate Stephens wife of Dr. E. L. Stephens, formerly of this place, died at Nashville, Tenn., last Tuesday. Mrs. Stephens had a large circle of friends in this city who will mourn her loss.

The residence of Sam Potter, near the court house, was destroyed by fire last Saturday about noon. It was a frame building and burned in a few minutes.

M. J. Hinton, who has had a studio here for several months will soon remove to El Paso. From that place he will go to Chicago where he will remain during the world's fair. Mr. Hinton is largely interested in mines at Georgetown where he has some very promising properties which are leased.

Next Tuesday will be election day. So far there has been no talk about any opposition to the candidates for mayor and the council, but there will probably be other candidates in the field for members of the board of education. There is a strong feeling in the city that the salaries of some of the teachers ought to be cut down.

A crazy woman calling herself Annie Rose has been writing letters to several of our prominent men requesting them to call and see an old friend. Such conduct should be suppressed by the officers as they are liable to cause trouble with the boys who are in the habit of being out late nights, should the same fall into the hands of their wives.

A house of ill fame has been opened on Main street in this city next door to the primary school. It seems as though because of this kind if they are to be maintained at all within the city limits should be removed more than the thickness of a wall from a school. Not many parents care to send their children to a school in such an undesirable neighborhood.

There is a merry war going on between Hillsborough and Kingston. The two towns have been getting on pretty well together until recently but now the Kingston people are seeking some other outlet beside that through the county seat. Let's build a road through the Percha Pass and then take Kingston back into Grant County. The Kingston people were good citizens while they lived in Grant County and we are willing to take them again.

The residence of Charles J. Price was destroyed by fire at Kingston early last Tuesday morning. Mr. and Mrs. Price were awakened by burning embers falling on the bed and made their escape from the burning building with but few articles of wearing apparel. Mr. Price formerly resided in Deming where he was in the employ of Lockhart, Hopper Bros. & Co. for some time. He was employed by the Sierra Land and Cattle Company at Hillsborough and Kingston and about two years ago married Miss Cooper, formerly of Pinos Altos. Nothing was saved from the burning building but the loss is covered by insurance.

Personal.

D. K. Brownell came down from the Mogollons last week.

Henry Rosenberg took a trip to Silver Creek, the lively mining camp in the Mogollons, last week.

John Boyle Jr., formerly superintendent of the Mountain Key Mining Company, was in the city from St. Louis last week.

Frank Milstead, one of the best mill men in the southwest, was down from the Mogollons last week.

L. W. Fiersheim, one of the stockholders in the Alhambra Mining Company, of Black Hawk, returned to his home in Chicago last week.

Mrs. W. Lee Thompson and the Misses Lenoir, of Georgetown, were here last week on a visit to Mrs. H. Rosenberg.

J. E. Sheridan, editor of the Enterprise, was at Gold Hill last week looking over the camp.

W. A. Leonard and family left for Velasco, Tex., last Wednesday. Mr. Leonard is the owner of the Velasco Times and will make it one of the best newspapers in that part of Texas.

W. Lee Thompson was in the city last Saturday.

Clark Rodgers was over from Lone Mountain last Saturday.

Thomas B. Phoby, of Georgetown, was in the city last week.

Charles Nepe, who has been visiting his sister, Mrs. Rosenberg, left for New York last Wednesday.

James S. Fielder was at Las Cruces last week on legal business.

George Fassler is contemplating a trip to California soon.

Teresa Eckstine has commenced a four month school in the district just east of town.

Clarence Bayne was down to El Paso last week. He thinks the city on the border is a pretty lively one.

F. M. Prescott, formerly a merchant of this city, but now a traveling salesman with headquarters at Pueblo, was in the city last week.

H. FitzSimmons was in from Black Hawk last Saturday.

J. English was in town from Pinos Altos last Saturday.

George D. Lincoln, justice of the peace at Pinos Altos, was in the city last Saturday.

T. Van Wageningen, of the Deming Sampling Works, was in the city last week. He went to Pinos Altos on business connected with the sampler.

James Woods, son of James B. Woods, a former sheriff of this County, is here on a visit.

Miss Ada M. Cutler, formerly a teacher in the public schools here, but now of Albuquerque, arrived in the city last Saturday.

J. B. Gilchrist, of the Silver City and Northern Railroad, has gone to Colorado.

G. D. Banat left yesterday morning for Hillsborough to attend the spring term of court there.

Thomas S. Heflin, one of our leading attorneys, went to Hillsborough yesterday.

J. M. Wallace, late of the firm of J. M. Wallace & Co., of this city, will go to Globe, A. T., this week.

R. L. Steele, who has been in business in this place for some time, expects to go to Yuma this week.

J. A. Ancheta, district attorney for the counties of Grant and Sierra, has gone to Hillsborough to attend court.

Mr. Chandler, formerly one of the guards at the County jail, will go to Globe, A. T., this week.

Col. S. P. Carpenter was in town yesterday.

Herbert Martyn, one of the charter members of the Owl Club, came in last week to attend one of the midnight meetings of the club.

P. J. Dodd and wife expect to leave soon for Velasco, Texas. They will make their home there. Mr. Dodd purchased real estate there during the boom and thinks it will make an important town.

John Roper was convicted at Las Cruces last week of the murder of Sam Steele and sentenced to be hanged on the 15th of April. His attorneys moved for a new trial which was denied. The case was then appealed to the supreme court and the date set for the execution in case the supreme court affirms the decision of the district court is August 29th.

The evidence against Roper was purely circumstantial but it seemed to be conclusive. If Roper does not deserve to be hanged for the crime of which he has been convicted he deserves hanging for the crime which he has committed. If he is guilty of the murder of young Steel, and there is no reasonable ground for doubting his guilt, he is guilty of one of the most cold blooded murders ever committed in this part of the Territory.

The last issue of the Western Liberator contained these complimentary remarks about him:

It appears that Roper was the cowboy who killed old Pat Devine at Hachita one fourth of July a few years ago. Old Pat had a patriotic way of going to the jail on and last down beside the saloon to sleep it off. Roper saw him and began shooting at him to see him jump. Devine never jumped, he died. Roper was one of the gang of fellows who decided that sheep should be brought into Graham county, and to enforce the decision killed four or five Mexican sheep herders who brought in some. Luckily for him young Birchfield was in his party and Birchfield's father, in order to save his son had to put up enough money to clear the rest of the bang. If nothing unforeseen happens Mr. Roper will do no more shooting.

The Liberator is mistaken about Roper being one of the gang who killed Devine.

Mining and Milling.

There are quite a number of miners at work in the mines at Georgetown under leases and some are being paid wages. There is plenty of ore to be taken out of the mines in the Georgetown district and the camp would be one of the best in the southwest if silver could be sold at a reasonable price.

The mines in Cook's Peak district are producing about 125 tons of ore a week which is about as much as the mines at Pinos Altos produce in a day. Last summer Cook's Peak was one of the most productive districts in the Territory but too much McKinley bill has made the production of lead ore in this camp which is as good a lead camp as there is in New Mexico, almost prohibitive. The lead ore in the camp runs high in lead and carries considerable silver. The mines there could not be operated at all if it were not for the silver in the ore.

A number of miners at Gold Hill are looking for R. M. Flood, who shipped about \$3,500 worth of bullion to El Paso recently. Flood came to Gold Hill some time ago a stranger, hired miners, ran in debt for having his ore treated at the mill and had pretty good luck in getting credit generally. He made a clean up and went to El Paso with his bullion but has not been heard from since. He worked a pretty smooth game on the poor miners in the camp but they will be on the lookout for the next stranger who goes out of the Territory with his bullion to market.

Dr. W. H. White has been working some placer mines in Bear Creek and is of the opinion that he has a good thing. He came in from the mines last Sunday and returned yesterday. Locations have been made for three miles along the creek and the indications are that the placers will prove to be very rich. Dr. White is getting things in shape to work the mines to advantage and it will not be many weeks before it will be known whether the new placer region can be worked at a profit. Gold has been known to exist in the Bear Creek valley for a number of years but no attempt has ever been made before to work the placers on an extensive scale.

Thomas Foster is working a few men on his property at Gold Hill but the mill is not running at present.

George D. Lincoln made a mill run of ore at Pinos Altos last week. The ore was taken from the dump of his mine and gave satisfactory returns.

The Last Chance mine at Silver Creek has been closed down. Since the new mill was completed early last year the property has only been worked at intervals. There is an immense vein of ore on the property but most of it is so low grade that it will not pay to mine and mill under existing conditions. The mill is the largest in the district but it has been kept running only a small part of the time since its completion.

METAL MARKET.

During the week silver dropped to 81 1/2 which is the lowest point touched for some time, but the price rose to 82 1/4, at which it closed.

There is no improvement in copper although the Lake companies are trying to maintain the price at 12.25. Operations have been resumed in the Anconada and the prospect for an advance in copper does not seem to be very bright. Lake closed at 11.70.

There has been a slight advance in the price of lead and the price is now near the price at which lead can be imported that no further advance can be expected. The supply in this country is hardly equal to the demand and no material fluctuation in the price of lead may be expected. The closing price for lead in New York was 4.

A Health Resort in Prospect.

A. G. Spalding, the base ball magnate, and party from Chicago, are in the County looking over their irrigation enterprise and while they are here will probably decide finally concerning the purchase of Hudson's Springs and the erection of a large hotel there, which will be made a health resort if the decision is in favor of the purchase of the property. The plan has been under consideration for a long time and there is little reason to doubt that the hotel will be built. There is no place in New Mexico better suited for a place of this kind than the springs three miles from Hudson's station. If this company decides to erect the hotel a portion of the railroad between this place and Deming will be re-laid so as to bring the springs on the line of the railroad.

The survey for this purpose was made some time ago and if the plan of erecting an immense hotel there be carried out, the greatest health resort in the southwest will be between Silver City and Deming, on the Atchison, Topeka and Santa Fe railroad. It is proposed to have the great base ball team come here to spend the winter and the irrigated land in the vicinity will be used as breeding farms for fine cattle and horses.

A portion of the railroad bridge over the Rio Grande this side of Rincon was destroyed by fire last week. The damage was repaired in a few hours and transfers of passengers had to be made only on one afternoon.

The work of preparation for the Southwest Silver Convention which is to be held here on the 4th and 5th of July is progressing satisfactorily and it is proposed by the committee having the work in hand to make the convention the most interesting one yet held to advance the interests of the silver producers. It is the interest of every resident of the southwest to make the convention a success.

A few timely rains during the coming month will insure good feed for stock during the early part of the season and will encourage stockmen very much. Grass will be a little later this year than usual but cattle are getting along very nicely now and it is not expected that the loss from this time on will be very heavy.

Commissioners' Proceedings.

Special meeting of the board of County Commissioners began and held at Silver City, Grant County, N. M., on the 10th day of March, 1903.

Present—Hon. Baylor Shannon, Chairman pro tem.

Thos. Foster, Com. E. M. Young, Clerk.

WHEREAS, The matter of instituting suit against ex-Treasurer W. Berg and his bondsmen has been heretofore deferred by the board, at the request of his attorney, and whereas, no effort has been made by Mr. Berg or any of his bondsmen to pay to the County the amount due the County, it is therefore ordered that suit be brought without delay to recover said amount; and it is further ordered that Arthur H. Hartles, Esq., be and he is hereby employed by the County to assist the district attorney in the prosecution of said action, and for such services he shall receive a reasonable compensation. And it is further ordered that the necessary legal fees be taken to compel ex-Treasurer Berg to turn over the books and archives of said office to his successor.

It is ordered by the board that the offer of Thos. Foster, owing to his temporary residence at the County seat, be allowed to return to the County \$13.12, one quarter's mileage heretofore allowed him as commissioner of the third district, he and the same is hereby accepted, and the treasurer is authorized to receive same and credit it to the fund from which it was originally drawn.

No further business appearing, board adjourned.

Approved: BAYLOR SHANNON, Chm. pro tem.

E. M. Young, Clerk.

Silver Convention.

The following letter has been sent to the local committee appointed to promote the Silver Convention:

SILVER CITY, N. M., Mar. 28, '03.

Gentlemen:

I am directed by Mayor Fleming, chairman of the executive committee, to inform you that you have been selected as the local committee to promote the Silver Convention, to be held in this city on the 4th and 5th of July next.

We do not need to advise you as to the benefit to be derived by your people from a restoration of silver to its place as a constitutional money metal, nor the importance of continued agitation of the subject.

There is no cause for discouragement on the part of the friends of silver. For the first time since the war there is a majority in favor of the free coinage of silver on the finance committee of the United States senate, and for the first time in thirty years that committee is organized against the speculators and money changers of Wall street and favorable to the producers of the great west and south.

The senate will, at the next session of congress, pass a bill for the free coinage of silver, and it is believed that, by so agitating the subject as to present it as a leading question, the house of representatives will, also, be induced to pass it. Should it be vetoed by the President such a feeling will be aroused as will cause the election of a congress so favorable to bi-metallicism that the veto power of the executive will be rendered nugatory.

The battle will be won if we do not lay down our arms.

The success or failure of the coming convention will have a corresponding effect upon our cause. We therefore urge upon you the necessity for organizing in your community to promote its success.

We would suggest that you call a public meeting at as early a date as practicable, for the appointment of sub-committees and making preparations for representation of your community at the convention.

Believing that you will recognize the advantage of the convention being held there close your homes we do not hesitate to call upon you for financial aid and request that you appoint a finance committee to solicit subscription, which may be paid in monthly installments, before July 2nd and forwarded to J. V. Fleming, chairman of the finance committee.

It is the intention to make the convention a popular mass meeting, therefore all friends of silver will be seated as delegates.

As soon as you ascertain who will attend from your place send me a list of the names so that accommodations may be provided for them.

Headquarters of the convention committee have been established at the office of E. M. Hand, assayer, on the south side of Broadway, near Main street, in this city, where all visitors will be welcomed.

Very truly yours, D. P. Carr, Secretary.

The spring term of court will be opened here two weeks from next Monday. There will of necessity be a short term for the reason that there is not money enough to hold court during a full term.

Grand Spring Opening at Max Sobitt's on Monday, Tuesday and Wednesday, March 27, 28 and 29. We will show a fine line of imported dress goods and pattern hats and bonnets. We respectfully invite the ladies of Grant County to come and inspect our grand display.

Teacher's Examination. There will be a teacher's examination at the school house in Silver City on Saturday April 8, 1903, by the board of examination of Grant County. All persons wishing to obtain certificates are requested to be prompt as this will perhaps be the only examination held before Sept. or later.

R. H. FREEMAN, J. S. FLEMING, H. H. BETTS, Board of Examiners.

Resolutions of Sympathy.

WHEREAS, The Supreme Ruler of the universe, in his infinite wisdom, has recently called to her eternal home Mrs. Mattie Gillett, wife of Samuel H. Gillett, a resident of this city, and an honored Knight of Pythias; and

WHEREAS, Silver City Lodge No. 12, Knights of Pythias, of Silver City, New Mexico, by unanimous vote, has instructed the undersigned committee to draft appropriate resolutions for our loved and worthy brother in this, the period of his great pilgrimage to his abode; Therefore, be it

Resolved, That in the death of his faithful wife this community has been deprived of a grand and noble wife and mother, and a lady who was a perfect type of true womanhood.

Resolved, That we extend to the bereaved husband our most fervent and sincere sympathies in his affliction, and proffer him our aid and comfort in his distress.

Resolved, That copies of these resolutions be published in the Silver City Enterprise and Southwest Sentinel, and that a copy be sent to our brother knight.

FRANK J. BELL, JOHN W. FLEMING, Committee.

Silver City, N. M., March 23, 1903.

Resolutions of Sympathy and Condolence.

L. S. TREASURY LODGE NO. 13, I. O. O. F., Silver City, N. M., Mar. 25, 1903.

WHEREAS, This lodge being informed that on the 21st day of this month, at Nashville, Tennessee, Mrs. Katie Stephens, wife of our beloved brother, Dr. E. L. Stephens, was called from the sorrows of earth to the Haven of Rest above and the undersigned, having been appointed a committee of this lodge to draft resolutions expressive of the sympathy and condolence of the members of this lodge with our worthy brother, in this, the saddest bereavement that comes to man; therefore, be it

Resolved, That in the death of his devoted wife, upon the threshold of woman and motherhood, whose graces of person and charms of mind and manner indicated a long life of usefulness, and whose generous impulses made her a fit companion of so worthy an Odd Fellow, our brother, the hosts of sorrowing friends and the community in which her home was chosen have sustained an irreparable loss.

Resolved, That a copy of these resolutions be sent to brother Stephens, at Nashville, Tenn., and the Southwest Sentinel and Silver City Enterprise be furnished copies for publication.

D. P. CARR, THOS. N. CHILDERS, JAMES MATTHEWS, Committee.

Special services will be held in the churches next Sunday.

Max Schutz's show windows have attracted a great deal of attention for the past day or two.

Assessor Miles has commenced the assessment of property in this county for this year. He will be pretty busy for the next few months.

The ladies of the Episcopal church at Deming are making preparations for a fair to be held on the 15th of April.

NOTICE OF ELECTION.

Notice is hereby given to the electors of the town of Silver City, that an election will be held in said town on Tuesday, the 4th day of April, 1903, for the purpose of electing a Mayor, two Councilmen for a term of two years, and a Board of Education—one member for 3 years, one for two years and 1 for one year; also for or against additional school tax.

SILVER CITY, N. M., March 27, 1903. JOHN W. FLEMING, Mayor.

Attest: WM. F. LORENZ, Clerk.

PAINT.

All kinds of Paints Lead & Oils at Porterfield's. 13tf

Pointers For World's Fair.

Footprints on the sands of time this year will all be traced to Chicago, where the great Columbian exposition is to be held.

While walking may be good, the majority of people will prefer riding in a world Santa Fe Route vestibule car.

Perhaps you don't know that the Santa Route has the shortest line between Kansas City and Chicago, by 36 miles; that although of grade crossing lessens the number of compulsory stops, and that three trains each way each day afford ample room for all travelers.

Luxurious palace sleepers, and free chair cars; better than the best of other lines.

Drop in and talk it over with nearest Santa Route ticket agent; or address Geo. T. NICHOLSON, G. P. & T. A., 13tf, Topeka, Kansas.

Any remedy sold at a dollar a bottle which claims to cure Rheumatism, is simply an imposition, for when all expenses are deducted it leaves not more than twenty cents to represent the medicine. Dr. Drummond's Lightning Remedy, which is performing such wonderful cures that it is being prescribed by the medical faculty everywhere, is compounded at great expense from rare drugs, and cannot be sold for less than Five Dollars a bottle. But it always cures. Sent prepaid on any address and receipt of price. Drummond Medicine Co., 48-50 Maiden Lane, New York. Agents wanted.

EASTER CARDS.

Elegant line at Porterfield's.

The doctors have been kept pretty busy for the past few days attending patients with severe cold.

Cholera in Pennsylvania. Swickley, Penn. We had an epidemic of cholera, as our physicians called it, in this place lately, and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This remedy did the work and was a big advertisement for me. Several persons who were troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

P. P. KEAPP, PH. G. 25 and 50 cent bottles for sale by W. C. Porterfield's.

The new law in relation to gambling licenses has gone into effect. It costs \$300 a year now to get a license to maintain a gaming table for the period of one year.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism, but it can be done if the proper treatment is adopted, as will be seen from the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today and would insist on one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent boxes for sale by W. C. Porterfield, druggist.

"No, Maud, dear, Joan of Arc was not Noah's wife."

Notice to Bondholders.

Notice is hereby given that all outstanding bonds issued by the town of Silver City, Grant County, New Mexico, in accordance with an act of the legislative assembly of the Territory of New Mexico, entitled "An act to enable the town of Silver City in the County of Grant, to aid in the construction of a railroad between Silver City and Deming." Approved February 13th, 1892, are under the direction of the town council of said town of Silver City, hereby notified that any and all holders of said bonds are hereby notified to present the same to said town treasurer for redemption at his office in said town of Silver City on the 14th day of March, 1903, between the hours of 10 a. m. and 4 p. m.

Any such bonds, or, as hereby called in, which shall not be presented for payment at the time herein specified, shall cease to bear interest from and after date last mentioned.

In testimony whereof I hereto affix my official signature this 6th day of Jan., 1903.

J. W. CARTER, Treasurer, of the town of Silver City, New Mexico. 2tf

Valuable Information For Prospectors.

THE great majority of men engaged in prospecting for the metal feel the want of a knowledge of Mineralogy, Assaying, and Economic Geology, and many who have followed the usual course for years without being successful believe that they had possessed this information the results would have been different. Heretofore there has been no way for working men to obtain this knowledge because they have not the means to attend the regular mining schools, or are deficient in the education to qualify them to enter such institutions. These difficulties are overcome by the Method of the Correspondence School of Mines, Scranton, Pa. It instructs in all the branches relating to mining and has met with such profound success that at present over 1,000 pupils are upon its rolls. The Prospecting Course includes Mineralogy, Assaying, Economic Geology, and Prospecting. The system of instruction is thorough and practical. Students study at home and lose no time from work. To enter, students only need to know how to read and write. Tuition charges within reach of all. Send for free Circular giving full particulars.

Don't Take Our Word, But call your Druggist to one side and ask him privately which of all the remedies advertised to cure Rheumatism he would recommend. If he is posted, and conscientious, he will tell you that Dr. Drummond's Lightning Remedy is the only one that offers a reward of \$500 for a case it will not cure. With sensible people this is the strongest recommendation. Price \$3 per a bottle. Sent to any address prepaid on receipt of price. Drummond Medicine Co., 48-50 Maiden Lane, New York. Agents wanted.

McFarlam—How long did you know your wife before you were married to her? Murray Hill—Two days. "Wasn't that rather a short acquaintance?" "If you had heard my wife talk you wouldn't ask such questions. At the end of those two days I felt as though I had known her for five years."
